Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy.

Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, *with alcohol*.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

Panic at Unveiling.

With panic threatening a crowd of 50,000 persons surging about a stand erected in the capitol grounds at Columbus, Ohio, frantic to secure a glimpse of Mrs. Nicholas Longworth, the President's daughter, the oratorical exercises arranged for the unveiling of a statue of Wm. McKinley yesterday afternoon were suddenly postponed until last night, after the statue of the murdered president had been hurriedly unveiled by Mrs. Longworth. The speeches of the occasion were delivered last night in Memorial Hall.

The crowd was so large and cramped that it got beyond control, and the shrieking of women and children, who were caught in the crush, rapidly worked the crowd into a frenzy. Many women fainted, and were carried out of the crowd by the police.

Throughout the exciting scenes Mrs. Longworth remained cool and self-possessed, but afterward she said that it was the worst crush she had ever seen.

Mr. and Mrs. Longworth had an exciting experience in escaping from the excited crowd. From the speaker's stand they went through a window overlooking the platform into the Governor's office, but they were scarcely inside when the people began to surge through the doors from the corridors, and the office was quickly filled. The Longworths then attempted to reach an automobile which was waiting for them in the street, but once inside the building they were caught in a surging crowd.

Finding no immediate avenue of escape, Congressman Longworth fought a way for his wife out of the Capitol grounds and across Broad street into the Outlook building. There they remained until the police cleared a way for a carriage, which took the Congressman and his wife to the hotel. Later the Longworths took a train for Cincinnati.

Storms in Nebraska.

Two violent and seemingly distinct storms yesterday swept over Johnson county, Neb., causing the death of four persons, the fatal injury of two, and the painful injury of five others.

Three of the men killed crawled under a threshing machine, which was shattered by lightning. A companion was severely shocked. The second storm, tornado in violence, past west of Tecumseh, demolishing a schoolhouse, killing one man, fatally injuring two school children, and inflicting severe injuries on four others in the schoolhouse. Many barns and windmills were blown down.

The fagend of a tornado struck Nelson, Neb., yesterday evening, killing some stock and doing some considerable damage to property, but injuring no one so far as known. The Rock Island roundhouse was torn to pieces, and heavy timbers from the wreckage were blown against a residence, demolishing one side of the house. Three othere were partly wrecked. The windows on the south side of the high school building were blown in, causing a panic among school children. Barns, outbuildings, and windmills were leveled all over town.

Under Ten Days' Option!

$60,000.00 Common Stock of

Washington Luna Park Company.

To Washington Investors:

In December, 1905, it was proposed to erect an amusement park near Washington, where attractions of the highest grade would be offered for the entertainment of the entire family. The proposition at once appealed favorably to some of the financiers in control of the Washington, Alexandria & Mount Vernon Railway Company, and some of those gentlemen, with other Pennsylvania capitalists, invested $175,000 00, which was actually paid into the treasury of the Washington Luna Park Company, in cash, and an equal amount of common stock was issued by the company therefor. There were no bonds or preferred stock issued. No opportunity was given any Washington investor to participate in the venture, and, as near as can be learned, no one in Washington was solicited to subscribe or buy any of the company's stock. Luna Park was built, the people of Washington have seen it, they can see it today, they are rapidly becoming acquainted with the park, and they can, in a way, form their own ideas as to whether it is a profitable enterprise or not.

The Construction Work in Luna Park was done with a view to its permanency, and it is as well constructed as any amusement park in the United States. (See letter below.) The same financial interests which reorganized and put the Washington, Alexandria & Mount Vernon Railway Company on its feet watched the construction work, and saw to it that full value was given for the investment made.

The Management of Luna Park is in the hands of Mr. George E. Gill, a man of recognized ability, experience and integrity.

The Financial Affairs of the Washington Luna Park Company are controlled by Mr. John W. Pittock, its Secretary and Treasurer; and the large majority of the company's stock is now in the hands of Mr. Pittock and his Philadelphia associates, all of whom are connected with the Washington, Alexandria & Mount Vernon Railway Company.

During this year the Washington, Alexandria & Mount Vernon Railway Company invested $200,000.00 in additional transportation facilities to accomodate the public in reaching Luna Park, (putting on eight new trains) and IN ENLARGING THE OUTPUT OF ITS POWER HOUSE IN ORDER TO FURNISH LUNA PARK WITH LIGHT AND POWER. The Washington, Alexandria & Mount Vernon Railway Company furnishes Luna Park with electric current at a cost, a fraction under one cent for one thousand kilowatts, under an agreement now in force; and it leases the site of the park to the Washington Luna Park Company at a rental of $2,500 00 a year. Such lease has nine years to run, and the Washington Luna Park Company has option to renew the lease for ten years at same rate

All risks and dangers of construction have been passed; there is nothing prospective or uncertain about the venture, The park is in full operation; it has paid all expenses and made money, notwithstanding an unusually wet season; and the present manager has the ability to make it pay 40 to 60 per cent next season.

The undersigned has secured a ten day option on $60,000.00 of the capital stock of the Washington Luna Park Company, and he believes that he can dispose of it, at a reasonable profit, in small lots, for it is generally recognized that the day of the clean amusement park has come, that beer gardens and suburban resorts do not pay, but it is very profitable to operate a reputable amusement park where women and children are safe from insult and annoyance, and where all can find every kind of good, healthy, clean amusement, and to that end he offers to sell, at any price bid therefor, provided no bid is for less than $120.00 per share, (par value $100.00), 600 shares of Washington Luna Park Company's stock, upon such terms as may be provided by Virginia Safe Deposit and Trust Corporation, Alexandria, Virginia, giving the preference to the highest and smallest bidders in making allotments.

The Washington Luna Park Company is in the hands of entirely competent and trustworthy men, experienced in the amusement park business and in handling financial affairs; and there is no apparent reason why an investment in the stock of this company will not pay well.

ANY INFORMATION DESIRED CAN BE SECURED by telephoning the undersigned at 5989y Main, or calling upon him at Columbian Building, Washington, 8 A. M to 10 P. M., September 17 th or 18 th, 1906.

Send bids and check to The Traders National Bank of Washington, D. C, or Virginia Safe Deposit and Trust Corporation, Alexandriia, Va.

THE INGERSOLL COMPANY,

Frederick Ingersoll, President.

Designers, Builders & Operators of Parks & Park Amusements.
307 Fourth Avenue.

Pittsburg, Pa., Sept. 14th, 1906.

Mr. Holmes Jones, New York.

Dear Sir:—In reply to your inquiry regarding the cost and character of the work done by this company at Luna Park, Washington, we would state that the contract therefor was awarded to this company at the price of $175,000 00. Some slight changes and alterations were made in the plans, resulting in a slight allowance to the Washington Luna Park Company.

We have buil parks at Pittsburg, Cleveland, Scranton and other cities, and are continually building amusement devices throughout this country, and nowhere is there a better built, safer or more substantial park than in Washington. Realizing that crowds must be expected our engineers have always been extra-cautious in figuring the strain, both direct and lateral, in all construction work; and we point with pride to the fact that devices we have built have carried millions of people, and they carry over a hundred thousand passengers every day during the season, and we have never had a casualty. Yours very truly,

FREDERICK INGERSOLL, President.

FREDERICK H. TREAT, President. | JOHN W. PITTOCK, Secretary and Treasurer. | GEO. E. GILL, Manager.

The Washington Luna Park Company.

Mr. Holmes Jones, New Willard Hotel, Washington, D. C.

Washington, D. C., September 12th, 1906.

Dear Sir:—Luna Park has been in operation sixteen weeks, ending September 16th, 1906, and during that time has experienced 29 rainy days in August, besides many in June and July, nevertheless the income to the date mentioned has been very gratifying. The Treasurer's office is in Philadelphia, and we have no record of gross receipts or disbursements here.

To aid you to arrive at a fair, yet conservative, estimate of the profits LUNA PARK will make during next season I would advise you that you will be safe in figuring current expenses at $3,500.00 a week, (this week's expenses will be $3,300.00, approximately); and the income can safely be figured at $7,200.00 as the weekly average for a period of eighteen to twenty weeks a season. Yours truly,

GEO. E. GILL.

TERMS OF BIDS.

All bids must be delivered or mailed to either of the undersigned, on or before September 19th, 1906; the full name and address of the bidder must be given, the number of shares wanted, and a certified check (or postoffice money order) for ten per cent. of the amount of the bid, (except the bid is for three shares or less, in which event the whole amount of the bid must accompany same).

All checks or money orders to be payable to Virginia Safe Deposit and Trust Corporation, Alexandria, Virginia, as Trustee; and deliveries of stock will be made at the office of such Trustee immediately after allotment, where full amount accompanies bid; and where only ten per cent. accompanies bid, balance is to be paid to the undersigned on five days' notice of allotment to be mailed the bidder, at his address, and delivery will then be made on date designated at the office of such Trustee.

Security to Stockholders.

Summarized:

OWNED Absolutely, Improvements in Luna Park,	$175,000.00
CONTRACT for light, power, &c., at actual cost of mauufacture, (about 1c per 1,000 kilowatts), plant W., A. & Mt. V. Ry. Co. enlarged therefor at cost of over	200,000.00
VALUE OF LAND held under lease for next nineteen years, on five per cent. basis ($2,500.00 a year),	55,000.00
Total Investment Made For Luna Park,	$430,000.00

All profits from above investment, through operation of Luna Park, after limited payments for light and rent, must be divided so that stockholders, having $175,000.00 of stock, will have more than twice the return were profits pro-rated on the whole investment; and that is why Luna Park stock is worth over $150.00 per share today.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, SEPT. 15, 1906.

IT IS customary for republican conventions, state and national, to put in their platforms this statement: "We maintain that the prosperous condition of the country is due to the wise revenue legislation of the republican congress." This means the robber tariff, if it means anything. But when it comes to stating the cause of our prosperity to British audiences—where the Irish-Americans are supposed to be most despised—they say, as Ambassador Reid did in his Fourth of July speech: "The prosperity of America is due to gold". Both of these propositions are deliberately false. The prosperity of this country is due to free trade among the states, resulting from the union of these States in a zollverein. This very fact was declared in the republican platform of 1860, and endorsed by Abraham Lincoln, the first republican president. "We declare," said the republican national convention of 1860, "that to the union of the States this nation owes its unprecedented increase in population, its surprising development of material resources, its rapid augmentation of wealth, its happiness at home and its honor abroad." The fact is that a republican convention never told the truth but once; and that was when it had no political power, no favors to distribute, no boodle in its coffers. As soon as it got power it began prevaricating. Neither to the gold standard nor to the protective tariff, but to the union of these States and the energy of the people does this country owe its progress, prosperity and wealth. And under republican rule these have been made the bases of the trusts, of millionaires and billionaires and paupers.

PRESIDENT ROOSEVELT in one of his speeches made during his famous trip across the country in 1903 said: "We have in our scheme of government no room for the man who does not wish to pay his way through life by what he does." Yet, the most prominent feature of our present scheme of government, as administered by the republican party, is "protection," so called. Under this scheme of plunder and favoritism, something like $1,000,000,000 a year is stealthily transferred from the pockets of the masses to the pockets of the protected classes Nothing is given in return for this billion dollars, except some transparent sophistry and the opportunity to observe the display of wealth on the part of the protected barons who remain in this country or who leave philanthropic institutions behind them. The protected barons do nothing to pay their way, except that they assume control of the government whose edicts fill their pockets with unearned and undeserved tariff profits.

BARTER is the basis of all trade. If we would sell, we must also buy. This is true of all nations and men. A tariff is "protective" only to the same extent to which it is prohibitive of trade, and is injurious to both buyer and seller to the extent to which it is prohibitive. It gives an unjust advantage to one class, that is to those who have a monopoly in the exclusive market produced by it. It discriminates against all who buy in that market, and against all who use houses or commodities within the "protected" zone. It is the very quintessence of dishonesty; and to advocate such a policy in the name of labor is the very quintessence of hypocrisy.

EIGHT Mormon elders invaded Zion City yesterday, hoping the dissension there would enable them to make converts easily and induce a wholesale migration to Utah. They say they have sixty converts to the Mormon faith who are prepared to leave Zion City for Salt Lake City in a few days. A general call has been sent to all of the Mormon travelling missionaries now in this part of the country, summoning them to Zion City to assist in the work. It would seem that the last state of those poor deluded Zionists will be worse than the first.

AT A MEETING of the republican city central committee in Richmond yesterday the question of eliminating the colored vote entirely from the party was discussed. It was held that the negro vote keeps hundreds of white democrats from rallying to the party. Why, Mr. Agnew, when he was chairman of the State committee, tried the "lily white" plan but he was frowned upon by the Washington administration which gave him no support, and those who again attempt it will meet with similar treatment from Washington.

WHEN THE President declares in one breath that he is unequivocally for a protective tariff, and in the next that he favors the bill to reduce the Philippine tariff, it looks as if he were still a republican first and a free-trader afterwards—a republican from expediency and a free-trader in principle.

From Washington.

Correspondence of the Alexandria Gazette.

Washington, Sept. 15

Secretary of War Taft and Assistant Secretary of State Bacon who have been designated by the President to proceed to Cuba as special commissioners from the United States to endeavor to bring about peace between the warring factions will not arrive in this city until eight o'clock tonight. They will start on their mission tomorrow afternoon, leaving here by rail for Key West. In view of the fact that the insurgent leaders Zayas and Castillos have already offered to lay down their arms to Commander Colwell, who of course was not authorized to accept their surrender, it is expected that negotiations with these two men who are the real leaders of the insurrectionary movement will be speedily opened by Taft and Bacon. It is likely that they will offer them guarantees of immunity from arrest and will persuade them to come to Havana and meet with them representatives of the Palma government for a full and free conference on the merits of the situation. After the arrival of Taft and Bacon in Havana they will make their first call upon President Palma and explain to him the peaceful nature of their errand At this or at an early conference it is supposed that arrangements will be made for a meeting with the insurgent leaders.

Officials of the State War and Navy Departments were unanimous in praising the letter to the Cuban people issued last night by President Roosevelt. Much significence is attached to that phrase of the letter in which he adjures all Cuban patriots to band together to sink all differences and personal ambitions "and to remember that the only way that they can preserve the independence of the republic is to prevent the necessity of outside interference." This is regarded as a direct statement and warning that if the United States is compelled to resort to armed intervention in order to restore order in Cuba it will result in the annexation of the island and "Cuba Libre" will become a memory.

The State Department this morning received a dispatch from Mr. Atkins, of Boston, one of the large owners in the sugar plantation of Constancia, which states that he has received a cable from Cienfuegos dated this morning. It says that the insurgents raided the plantation of Solidad yesterday taking horses, and that the gunboat Mariettas' forces arrived last night the 14th. This dispatch indicates that the Marietta landed a force of armed sailors and is taking steps to protect the various sugar plantations in the neighborhood of Cienfuegos, almost all of which are owned by American citizens. It developed today that President Palma notified the United States government day before yesterday that he would be unable to protect American life and property at Cienfuegos. It was for this reason that the Marietta was ordered to that point.

Half holidays for government employes on every Saturday of the year is a move that is now under consideration by the Keep Commission.

The Interstate Commerce Commission this afternoon announced that the 30 days publication requirment will be waived on excursion rates. A decision relative to the 30 day notice on cotton rates, upon which a hearing has just been concluded will be announced probably on Monday.

Ambassador Leishmann at Constantinople, has informed the State Department that he has been notified that he will be received in audience by the Sultan on Friday next for the purpose of presenting to him his letter of credence as the first ambassador to Turkey.

Mr. Rayner.

Renegades' Paradise,
Oft called Baltimore, Md., Sept. 14.

To the Editor of the Alexandria Gazette:

Gentlemen: You state that "Isidor Rayner is a great admirer of Bryan." Have you forgotten that in 1895 Rayner voted with the negroes against the Marylanders? That in 1896 he called the Marylanders, who voted for Bryan, anarchists? That in 1897 he voted with the negroes against the Marylanders? That in 1900 he made one lukewarm speech for Bryan? That in 1905 he, with those other corporation tools, Edwin Warfield and Pinkney White, worked and voted with the negroes to save their vote for the corporations, which own many lands by reason of that 58,000 negro vote.

Yours truly,
FRANK DORSEY.

All of these things are written on the tablets of our memory, as are many other doings of Maryland politicians, still Mr. Rayner can be an admirer of Mr. Bryan.

Terrorists in Motor Cars.

St. Petersburg Sept. 15.—Motor cars are now being used by terrorists in their campaign of assisination of officials. The police claims they have just discovered a new plot against premier Stolypin, in which the terrorists used an automobile to get near their intended victim, and in which they evidently hope to escape after an attack on him. For several days an automobile has been noticed standing near the entrance of the Winter Palace, where Premier Stolypin now has his quarters. Yesterday police officers approached the motor to interrotate the occupants. The chauffeur at once put on full speed and the automobiles quickly disappeared. The police believe the men in the motor car were waiting for M. Stolypin to appear, to throw a bomb at him. Strick watch is now being kept on all automobiles passing the place.

COURT OF APPEALS.

Court of Appeals proceedings in Staunton yesterday were as follows.

Baltimore and Ohio Railroad Company v. Lee. Argued and submitted.

Sherrard vs Western State Hospital. Argued and submitted.

Harner vs. Curry. Dismissed.

Next cases: Breeden vs. Peale, Roller vs. Paul, and Black's administrator vs. Virginia Portland Cement Company.

The Murder of Mrs. Lewis.

Philadelphia, Sept. 15.—It was learned that on Tuesday night the evening after the murder of Mrs. Lewis, a man hired a room at the Delawore House, No. 252 north Front street, for fifteen minutes, just long enough to change a gray suit of clothes for one of dark blue serge. As soon as the suit was changed he hurried down stairs to the hotel office, paid for the room, and then went to the Hotel Traymore, on north 11th street. Here he registered then went immediately to his room. The next day he sent for a small colored boy, who took the blue suit to a tailor shop at 11 h and Winter streets to be pressed. When this was finished, he sent the boy with the gray suit, which had blood stains on it. The tailor paid no attention to the blood mark until he heard of the police hunting for the gray suit. At about 4 o'clock Wednesday afternoon the man purchased an evening paper, and after reading it, packed his grip and told the hotel clerk he would have to take the 5:50 o'clock train for the West.

The Market.

Georgetown, Sept. 15.—Wheat 69a72.

News of the Day.

The boiler in the Rilley-Waters sawmill at Marida, Menifee county, Ky., exploded yesterday, killing instantly John Hale and Ross Byrd. Three others were burned so they will die. The mill was blown to pieces.

The Interstate Commerce Commission announced yesterday that it would take under consideration the petition for a waiver of the 30-day notice provision of the railway rate law regarding intended changes in cotton rates.

Caught by a swinging chain from a passing train Henry Schrader an electrician was dragged for blocks today on the New York Central viaduct in Harlem. His agonized cries for help were not heard until too late. His brains were dashed out.

Chief Justice Richard H. Alvey, of the Court of Appeals of the District of Columbia, retired, died rather suddenly at 7 o'clock yesterday evening, at his residence in Hagerstown, Md., after an illness of about eight days. He was in his eighty-first year.

In connection with gossip concerning the reported prospective appointment of Attorney General Moody to the United States Supreme Bench it is reported that Associate Justice Rufus W. Peckham will avail himself of the earliest opportunity to retire, or resign, on account of ill health.

The United Fruit Company's steamer Brewster, seven days overdue at Boston, from the West Indies, arrived at Port Antonio, Jamaica, yesterday The cablegrams said that the Brewster suffered great damage in the hurricane last week. She carried a crew of thirty-five men, but no passengers.

After cutting the throat of her three-year-old daughter and trying to persuade her three other children to come into the house evidently for a like fate, Mrs. Victor Herbert leaped from the roof of her home, at 118 Pavonia avenue, Jersey City, yesterday afternoon, to the track on which a freight train was approaching. The train was stopped only a few feet away from her, but her injuries are such that she will die.

While Miss Ethel Roosevelt was driving down from Sagamore Hill yesterday afternoon her horse became frightened by an automobile and bolting down the road, wrecked the light cart. Miss Roosevelt was thrown out, but escaped serious injury. Miss Roosevelt's nerve was, apparently, unshaken by the accident, for a short time afterward she drove back to the village. She bore not the slightest trace of the accident from which she escaped so fortunately.

W. L Williams, aged twenty-five years, a prominent young man of Wilmington, Del., was shot yesterday morning in a brawl in the red light district. He died several hours later. The man who fired the fatal shot was Lonnie Snipes, who is now in jail. Williams is a native of Covington, Ky. He was one of the most prominent young men in Wilmington, and was engaged to a prominent young woman of Wilmington and a member of one of the oldest families in the State.

In the presence of four of her six starving children, Mrs. Louise Glaser attempted to commit suicide in New York, yesterday afternoon by drinking carbolic acid. Antidotes promptly administered by two policemen saved the woman's life. Mrs Glaser and her husband, Fred, herded their six children in two squalid rooms in a West End avenue tenement. Most of their money went for drink and shortly after the arrival of the last child, Lillian, born six weeks ago, Fred Glaser disappeared.

By the manufacture of alcohol from corncobs and cornstalks at small cost the Department of Agriculture is developing a new industry that, the department says, is likely to be of large commercial value. Investigations which the department is making at Hoopeston, Ill., have proved that the large quantities of corncobs which every year heretofore have gone to waste can be converted into alcohol in sufficient quantities to justify the erection of a distilling plant in connection with a corn cannery.

During a quarrel yesterday Michael Laesko shot and instantly killed his wife, Mary in the presence of his brother-in-law, John Kutch, and his own three-year-old daughter, in a tenement house in New York. He then tried to kill Kutch, it is alleged, but after a fierce struggle between the two men he was beaten insensible with his own revolver by Kutch. Mrs. Laesko had left her husband recently because of their differences, and Laesko yesterday kidnapped his little daughter. The shooting followed the mother's demands that the child be returned to her, Laesko was arrested.

After the Cabinet confsrence with the President yesterday it was announced that Secretary of War Taft and acting Secretary of State Bacon will leave for Havana Sunday. The President has addressed a letter to Minister Quesada, in which he declares the present condition cannot continue. Cuba's Congress met and gave President Palma fullest powers for carrying on the war, authority to spend all money in the treasury for the purpose and to triple the rural guards and double the artillery. The United States will have a strong fleet in Cuban waters, manned by marines, and eight or nine cruisers are expected to be assembled there shortly.

Two men were drowned in the races of the Motor Boat Club of America, on the Hudson river, near New York, yesterday. They were Harry Odinet and J Ferry, and they were handling the speed boat Vesuvius, owned by Louis L. Haggin, of New York. Harry Odinet, who was steering the boat, stood up and tried to put on his rubber coat. In some way or other Odinet fell overboard. Ferry, who was on the Vesuvius with Odinet, jumped after his mate, and in less time than it takes to tell it, the two men were swept far from the Vesuvius, which, being left unmannied, began to take on water fast and drift away. The bodies have not been recovered.

Crazed by religion, four well-to-do negroes, Reed Anderson, his daughter and two sons, ran amuck in a remote section of Anderson, county, S. C., Thursday afternoon, attacked and stoned several white persons, and destroyed property. The Andersons finally barricaded themselves to their home defying arrest. Dr. W. A. Tripp, whom the police sought to have enter the house and drug the maniacal negroes, was shot and thrown bodly through the door. The negroes were not overpowered until Reed Anderson was killed. The Andersons own valuable farming property, and were highly respected by the whites. The survivors were lodged in jail at Anderson.

Virginia News.

Mr. R. G. Merchant, a well known citizen of Dumfries, died on Sunday morning last in his 54th year, of a complication of diseases.

Miss Mary Johnston, the Virginia author, who had been in critical health for many months, announces her entire recovery and that she will spend the winter in Richmond.

The Greiner-Shackelford hardware firm of Orange, one of the largest concerns in that section, made an assignment yesterday. The liabilities are stated to be $20,000, and the assets are not yet known.

Governor Swanson left Richmond last night over the Norfolk and Western Railway for Radford, where today he is to introduce Col. William Jennings Bryan, who will make an address at the fair now in progress there.

Mrs. Marie Adah Savage, the divorced wife of Ralph Savage, a Winchester business man, died in the Baltimore Hospital yesterday. Mrs. Savage was ill but a short time. She was thirty years old, and was the daughter of the late James W. Seabright, of Winchester.

The Virginia oyster season opens today, and the oyster navy sailed bright and early to look over the operations of the tongers and dredgers. The new flagship, of the fleet, the Emiline, which arrived in Norfolk yesterday, will accompany the other gunboats to the beds up the bay. The vigilance of the navy during the summer has, it is believed, given the oysters a chance to develop.

The republican city committee of Richmond Thursday night decided to call a mass-meeting the night of September 24 to elect delegates to a congressional convention in Manchester the night of the 25th. The question of shelving the colored vote was gravely discussed. Committeeman Fox declared that the relegation of the colored voter to the rear would mean the accession of hundreds of white voters. It was decided to have a general meeting, without discrimination, to elect delegates, and then if deemed advisable to settle it in the convention.

Wm. Dodd, a white laborer at Annaburg, the Portner estate, near Manassas, had his leg cut off Thursday afternoon by a corn cutter and he died that night. The machine, which was being operated by two men, ran over a slight depression and threw Dodd off in front of the blade, which completely severed his leg just below the knee. The men who were with him seem to have lost their presence of mind, and instead of tying up the leg or making a compress to stop the flow of blood at once, carried him to his home, nearly two miles distant, and sent for a doctor. By the time Dr Meredith arrived Dodd was exhausted from the loss of blood, and he died about midnight. He leaves a wife and five small children.

Alleged Election Frauds.

Raleigh county, W. Va., and Beckley, the county seat, are wrought up to a high pitch of excitement over indictments returned by the grand jury yesterday against a number of the most prominent citizens of the county for complicity in alleged ballot-box frauds, said to have been perpetrated at the late republican primary election. Among those indicted are State Senator M. F. Matheny and his father, Rev. A. P. Matheny, charged with giving whisky to voters; Sheriff W. R. Campbell, against whom two true bills were found, one charging "blue penciling" of ballots and the other secreting ballot boxes; Dr. J. A. Campbell, a brother of the sheriff. Prosecuting Attorney O. A. Lilley, and several others are charged with electioneering within the prescribed poll limits, and John Hatcher, Thomas Daniels and Dr. Steele are charged with making away with ballot boxes. The indictments in all number twenty-three, and the cases will be heard at the next session of court, which will convene shortly.

Suicide of a Millionaire.

The body of Henry W. Wampole, the millionaire Philadelphia manufacturer of chemicals, who had been missing for several days, was found on Thursday night floating in the Hudson river off the Weehawken shore. It is believed Wampole committed suicide by jumping from a terryboat. Mr. Wampole's mind became unbalanced through worry over business entanglements. A trusted employe of the firm of Wampole & Co., in Canada, was short a large sum of money, and Mr. Wampole brooded over the matter until he became insane. While in New York last week in a hotel he eluded the vigilance of the trained nurse who was caring for him and drowned himself, the body not being found until Thursday night. Meanwhile the police were scouring the country for traces of him. Mr. Wampole was fifty-seven years old.

Held for the Grand Jury.

Charged with feloniously assaulting Miss Effie Johnson, 24 years old, Wednesday night, John Copperthite, 23 years old; Harry Gosnell, 25 years old; Clinton Brown 22 years old, and Drew Goodwin, 81 years old, were held for the action of the grand jury by Judge Mills in the police court of Washington yesterday morning. As the penalty on conviction of the charge may be death the defendants were committed to jail without bail. Miss Johnson, whose face bore wounds and scars which, she said, were made by the men, was a witness and was on the stand for half an hour. The men charged with the assault were not allowed to testify, the statement of Miss Johnson being considered by Assistant District Attorney Turner as sufficient to constitute a prima facie case upon which to hold them. The assault is alleged to have occurred on the Conduit road Wednesday night.

Amicably Settled.

The difficulty between Lieutenant T. M. Hobson and Private Robert W. Blair, of the Richmond Light Infantry Blues, which occurred on the train Wednesday night returning from Baltimore, has been amicably settled and there is no probability of either a court-martial or an investigation. The affair had its origin in Ford's Theatre, Baltimore, in a private box in which were both officers and privates. It is asserted that during the progress of the play Private Blair was guilty of a slight breach of etquiqette and was immediately reproved by Lieutenant Hobson. The private retired from the box. Later, while the party was going home, the private approached the officer and asked for an explanation of his conduct. Words followed, and it is said that blows were passed.

Today's Telegraphic News

LESS EXCITEMENT IN CUBA.

Havana, Sept. 15.—Met fairly and squarely by President Roosevelt's bold and open stand the impending Cuban crisis has apparently been temporarily checked.

Following the publication here this morning of yesterday's developments at Oyster Bay, a very decided lull is noticeable.

There is less excitement in the streets and the fever heat of the populace, which has been so apparent for the last few days, has subsided. There is less radical talk in the streets and an apparent inclination to await the effect of the brandishing of President Roosevelt's big stick. Whether the present lull will continue cannot be stated. Many believe that upon second consideration many Cubans will construe the act of the American executive as arbitrary and uncalled for and that a demonstration against Americans will result. On the other hand many argue that the worst is over and that the arrival of Secretaries Taft and Bacon will probably result in the satisfactory settlement of the disquieted conditions.

It is reported this morning from the palace that Palma following the action of the Cuban Congress yesterday afternoon, in granting him full powers to meet the present situation, has reconsidered his determination to resign and will continue at his post at least until the effect of the stand taken by the United States manifests itself. It is intimated that yesterday's threat of President Palma to resign was a shrewd bit of politics designed to marshal the support of the Cuban Congress to the measures which he wished put through. On the other hand, the anti-administration people are pointing to yesterday's action by the Cuban Congress as an evidence of Palma's high handed and dictatorial methods of conducting the government. They declare that all the acts of the extraordinary session of Congress yesterday are invalid owing to the fact that the required quorum of two thirds of all the members was not present in either house.

A slight engagement occurred last night at Wajay, but reports are conflicting as to what actually happened.

Havana, Sept. 15.—Pino Guerra's army of insurgents coming from Pinar del Rio province, is within striking instance of Havana, and the capital is again in dread of capture by the rebels.

Palma and his entire cabinet was in extraordinary session all the morning, considering President Roosevelt's letter to Minister Quesada. No inkling of what course of action they have decided upon has been allowed to leak out.

Fresh rumors were current today to the effect that the President Palma will resign.

Havana, Sept. 15.—Two thousand loyal troops arrived here today from Cienfuegos to assist in defending the capital in case of attack by insurgents. With General Rodriguez' rurales this makes something like 3,000 men available for the purpose in addition to the police and a few volunteers.

The capture of Cienfuegos is still rumored, although unconfirmed.

The withdrawal of the troops from Havana have made the city's capture comparatively easy. Communication with the city is s illed interrupted making it impossible to tell what has developed there.

Oyster Bay, N. Y. Sept. 15—Unarmed intervention is the government programme for settling the revolution in Cuba. This was virtually what the President's action in serving notice on Cuba through Senor Quesada, the Cuban minister to the United States, that fighting must cease, and his decision to send Secretary Taft and acting Secretary of State Bacon to Cuba amounts to. Just what kind of a compromise can be reached by Secretary Taft and Mr. Bacon is not known It is believed they are going to Cuba, however, with some pretty well defined plan in view. That concessions will be required of the Palma administration is almost certain. Government officials are inclined to believe there is good basis for much of the dissatisfaction with Palma and his regime. There will be no cessation in the preparations to send an adequate force to Cuba to enforce the government's demands in case there is a disposition on the part of the insurgents in Cuba to ignore President Roosevelt's notice and continue in arms.

Boston Sept. 15. —For the past several hours the battleship New Jersey has been coaling at Charlestown navy yard. Although no official verification of the news can be obtained it is reported that the vessel will be ordered to Cuban waters. The New Jersey put in here just long enough to coal, and is under orders to sail this afternoon. None of the crew has been allowed shore leave. A detachment of 80 marines was sent this afternoon to Norfolk.

Portsmouth, N. H., Sept. 15.—Sixty-six marines under Captain Chas F. Hatch, left the navy yard here, today, under hurry orders for Norfolk, Va. They expect to reach that city in time to embark on one of the cruisers under orders to sail next Monday night.

Fire in a Hotel.

Ottawa, Ont., Sept. 15.—One hundred guests were trapped by flames that destroyed the Gilmour Hotel early today, and a score were seriously burned or injured by leaping from windows and fire escapes. The fire, which was started by the explosion of a dynamo, swept through the four-story building so swiftly that the guests had no time to escape by the stairways. Many jumped from the windows, while others clung to window sills and fire escapes until they were rescued by firemen with ladders or forced by the approach of the flames to drop to the street. Three ambulances were rushed to the scene and kept busy taking victims to the hospital. It is expected several will die.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

Rescue of a Merchant.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds?" Fully guaranteed; 50c and $100 at E. S. Leadbeater & Sons' drug store. Trial bottle free.

Mr. Bryan in Radford.

Radford, Sept. 15.—William J. Bryan was given an ovation at the East District Radford fair today. No event in the history of the town has brought such a crowd as greeted him. Bryan after an informal reception at the home of ex-Governor Tyler left for the fair. He was introduced by Governor Swanson, who cancelled important engagements to go to East Radford for the purpose. Gov. Swanson on introducing Mr. Bryan among other things said:

Mr. Chairman: I am pleased to see this great concourse of people to greet our distinguished guest and orator. This vast assemblage bespeaks more eloquently than language the warm regard and high esteem entertained for him by the Virginia people. As Governor of this Commonwealth, Mr. Bryan, it is my pleasure to extend to you, on behalf of the people of Virginia, a warm and cordial welcome. I bear to you the hearty greetings and the happy felicitations of the entire people of this State, regardless of party, or political differences. We are proud to claim you of our lineage and blood. Born of her children, Virginia, with exultant pride, places her loving hands upon the head of her illustrious grandson and gives him her benedictions and prayers for all measure of happiness and prosperity. We are delighted to have with us the foremost citizen of this republic. We hail you as a person whose pre-eminence and distinction come from no decoration or power of office, but from your intrinsic worth as a man, and your splendid qualities of mind and heart. We rejoice to know that in this selfish and material age, when most everything surrenders before the glamour of success, that your genius and character have been sufficient to survive defeat and, without personal triumphs, each year to bring to you the increasing confidence and affection of your fellow citizens. * * * Through defeat you continued earnestly to love and serve the American people. Be it said to your honor and glory, you never failed your people, as others have done, because they refused to crown you king. * * * My friends, I take pleasure in presenting to you such a patriot, such a character in the person of Hon. William Jennings Bryan.

Mr. Bryan's speech was upon former lines, and it was received with every manifestation of approval. He was loudly applauded and the enthusiasm was earnest and long-continued.

Mr. Bryan and his family will remain as the guests of Governor Tyler at East Radford, over Sunday, making his first speech in his North Carolina tour, at Greensboro Monday.

Precautions Against Assassination.

Marseilles, Sept. 15.—Receiving word that an attempt would be made to assassinate President Fallieres during his visit to this city, which will extend over today and tomorrow, the authorities have taken into custody six Italian and Spanish anarchists. More are under surveillance and will likely be arrested before the day is over. The tip upon which the anarchists were arrested came from the Italian police who stated that the fact that an attempt would be made to murder the President of France had leaked out there. Every precaution has been taken for the safety of the President. This city is swarming with detectives who will remain in constant attendance until the departure of President Fallieres. The chief feature of the visit of the President will be a review Sunday of the French, British, Italian, and Spanish warships off this harbor.

St. Petersburg, Sept. 15.—Every possible precaution has been taken to guard the imperial family on the cruise now being taken by the Czar aboard the royal yacht Standart in the Gulf of Finland. Every available warship which could be spared from other service is accompanying the Standart and they are ranged in a huge circle about the yacht. All vessels attempting to approach the Standart are intercepted and no craft is allowed to get near her. In addition to this one hundred detectives have been stationed at points along the coast to gain information of any vessel that might try to leave to attack the Standart.

Attempt to Assassinate Count Witte.

Wiesbaden, Prussia, Sept. 15.—Armed with a bomb, a revolver and a dagger, a Russian student named Rosenberg today made an unsuccessful attempt to assassinate Count Witte, former Russian premier and plenipotentiary to the Portsmouth Conference, which arranged the peace treaty between Russia and Japan. Only prompt action by detectives saved the former premier. The attack was made at Soden, a watering place near here, where Count Witte had gone to drink the medicinal waters. As Witte was leaving his carriage to enter a hotel Rosenberg made his attack. Detectives who were guarding M. Witte seized the student before he could throw his bomb or use his other weapons. The would-be assassin was overpowered and taken to jail. Count Witte did not lose his nerve in the presence of the danger which menaced him, although he halted slightly, and thanked the police officers who had saved him.

Mother and Children Perish.

New York, Sept. 15.—Shielding her children with her body to protect them from the flames which cut off every escape, Mrs. Mary Peterson, a young mother, dragged her baby children under a bed in her burning home in Jersey City today, and then covering them with their arms awaited death, hoping that her body might keep the fire from the children. Her sacrifice was in vain. The mother is dying while in the next room are her two dead children. Mrs. Peterson believes her two children are alive. "May I not see them before I die?" She asked piteously of the ambulance doctor. "You tell me they still live. Why cannot I see them for I know that I have not long to stay." The physician told her that her children would soon see her, and then he turned away. The woman's eyes closed and unconsciousness saved her the pain of knowing the truth. The fire was caused by the explosion of a lamp.

Pathetic Scene at Funeral.

Pittsburg, Pa., Sept. 15.—Pathetic were the scenes today attending the funeral services over the body of Mrs. Maurice K. Lewis, at Allegheny, the woman murdered last Monday in Philadelphia. During the services a sister of the dead woman, 18 years old, fainted, and after being revived, continued to swoon from one faint into another. A physician was summoned. Mrs. Ness, mother of the victim, although in a highly nervous state, bore up well under the strain. Newspaper men were barred from the chapel, but two Allegheny detectives, accompanied by Detectives Miller and Simpson, were in the chapel during the services and sensational developments are said to be scheduled to occur later today. Following the services the body was taken to the German Lutheran Cemetery on Spring Hill, Allegheny, for interment. A prominent Pittsburg man, will, it is said, shortly be arrested on suspicion. The prisoner, it is expected, will be an architectural draughtsman with an office in a down town office building. Detectives have been closely following the clew, and all arrangements have been made for the capture of the man.

Four Persons Drowned.

New York, Sept. 15. —As the result of a collision between a naptha launch and a scow in the lower New York bay, last night four of the eight occupants of the launch were drowned. The remaining four, three men and a woman, were picked up by the Southern Pacific company steamer El Paso, Captain Knowles, which arrived here today from New Orleans. Those rescued had been clinging to the wrecked launch for several hours, and were in such an exhausted condition that neither their names nor the names of those who perished could be ascertained. They were taken to Stapleton, S. I., were rushed to a hospital for medical treatment. The woman is said to be in a dangerous condition from exposure. The rescue was made by Captain Knowles at 5:30 o'clock this morning, near the West Bank lighthouse.

Steamer Wrecked.

Seattle, Wash., Sept. 15. — The steamer Oregon, reported to have been lost, is a wreck in Alaskan waters. Her fifty passengers and about as many in the crew are in imminent danger, though they may be rescued by United States revenue cutters, two of which have been despatched to her assistance. The Oregon met disaster Thursday night at 11 o'clock on her regular voyage from Seattle to Mal Valdez. She piled on the rocks of Cape Hichenbrook, at the entrance to Prince William Sound. There is little hope for the vessel, though she may hang together until the cutters can reach the scene.

Grain Elevator Destroyed.

Covington, Ky., Sept. 15.—Fire today destroyed the grain elevator of Henry Herlesons & Co. at North Latonia race track. Fire spread to the fence around to the track and to the other buildings, threatening the destruction of the famous track at which many thoroughbreds are stabled. The Latonia fire department was unable to cope with the flames and Covington sent assistance and protected the town.

Jewish New Year.

The Jewish New Year, known as "Rosh Hoshanah," falls this year on September 19th, and with the single exception of the Day of Atonement, or "Yom Kippur," which comes ten days later, is the most important holiday in the Jewish calendar. The New Year is the day for the greatest rejoicing and the exchange of presents; while the Day of Atonement is observed with the utmost solemnity and self-abnegation. At this latter celebration the synagogue is attended by every Jew, however unorthodox, and every member of the race offers prayers for the forgiveness of his sins. All day services are held and an unbroken fast obtains except in cases of illness or in very young children. The particularly solemn services include the singing of the impressive music allotted to that day and the offering of prayers for the repose of the souls of the dead. Services appropriate to the occasion will be held in the Jewish Synagogue in this city, the first on next Wednesday night at 7.30 o'clock. They will be conducted by a rabbi from Cincinnati.

Thrown from a Buggy.

Mrs. Preston O. Cockey, while driving a spirited horse attached to a buggy yesterday evening, shortly after five o'clock, was thrown from the vehicle and severely injured. She was conveyed in an unconscious condition to her residence a short distance from the scene of the accident, where she soon revived. Fortunately her injuries were not serious, although it was generally remarked that she had had a narrow escape. Mrs. Cockey was driving south on St. Asaph street. Upon nearing King street the horse attached to the buggy became frightened and ran away. In its dash toward King street the horse ran the buggy into a wagon belonging to M. Ruben & Sons. The animal was soon stopped, but not before the buggy had been materially damaged.

Horse and Wagon Stolen.

The police of this city have been requested to look out for a horse and wagon that are alleged to have been stolen in Washington at an early hour this morning. The vehicle has a blue body, with a black top and red running gear. Attached to the wagon is a huckster's license, No. 471. The horse is a dark bay, 15 hands high with the left hind foot white. It is alleged that the horse and wagon were taken by a man named Charles Kuhn. He is said to be 5 feet 10 inches high, smooth face, wearing dark pantaloons, a blue shirt and a black derby hat. He was minus a coat when last seen.

A Dramatic Hit.

There is no doubt but "Why She Was Sacrificed" will receive a most hearty welcome at the Opera House tonight. The company is a most excellent one and includes in the cast that ever popular and clever actress, Maybelle Charles. The play is one of spirit and action from the first to the last act; has a vein of excellent comedy throughout, and some clever vaudeville numbers are introduced during the performance. A most interesting programme is assured.

The Schools.

Holiday is over and on Monday next all of the public schools of this city, after a nearly three months' vacation, will reopen for study. The attendance at the opening will be almost as large as that of last year and there have been but few changes among the teachers—only those heretofore mentioned. All the buildings have been put in good order and nothing remains but for the teachers and pupils to resume their work.

The Market.

The supply of country produce in market this morning was equal to the demand. Prices of some articles were weaker than last Saturday. Lima beans, which had been selling at 25 cents a quart, were quoted at 20. Green corn, of an ordinary variety, brought 15 cents a dozen, and tomatoes 10 cents per quarter of a peck. Other articles were unchanged.

Two companies of artillery will leave this city tonight on the steamer North for Fortress Monroe.

Personal.

Governor Swanson has designated Judge L. C. Barley to preside at a special term of the Rockingham county court (Judge Haas) which will commence on the 15th of October and continue ten days. Judge Barley has written to the Governor announcing his readiness to comply with the request.

Mr. Eugene Rogers and Miss Mary Head were married on Wednesday evening last at St. Mary's Church parsonage, by Rev. Father Kelley.

Mr. E L. Payne and his niece, Miss Lizzie Payne, who have been spending several days at Keswick, returned home last night.

Miss Rosa Kidwell, of Alexandria, who has been visiting Mrs. J. M. Groome, has returned home. Mrs. Katherine S. Jones has returned to her home on Lamb avenue, after visiting friends in Washington, Alexandria and Orange county.—[Richmond News Leader.

Mrs. A. S. Mankin has gone to Rochelle, Madison county, to spend a few weeks.

Miss Edith Blanche Rotchford, directoress of the Music Association of Alexandria, Va., and a well-known vocalist in Washington, D. C., is spending the Jubilee week with Mrs. Charles P. Cleveland of 819 west North avenue.—[Baltimore News.

Mr J. W. Garner (not Mr. H. N. Garner, as was stated) who was injured yesterday by being struck by a bicycle near the intersection of King and Fairfax street is still confined to his home. His injuries, while not dangerous, are serious and painful.

Mr. Leonard Jackson has left the city to accept a position in the South.

Mrs. E. A. Proctor, accompanied by Miss Ada Ticer, have just returned from Philadelphia and Baltimore, where they went to purchase their fall goods.

Miss Fannie Hassen and sister, Katheleen, of this city, are the guests of Miss Florence Brown of 3105 M street, northwest, Washington.

Miss Mary Ball, of Richmond, spent today with friends in this city.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

William Milller, colored, arrested by Officer Jones charged with assaulting Chas. Jones, was fined $5.

Malinda Smith, colored, arrested by Officer Young charged with stealing a watch, was sent to jail for 10 days.

A colored woman, arrested by Officer Young charged with an assault, was dismissed.

Jack Smith, colored, arrested by Officers Lyles, Gill, Garvey and Young charged with larceny, had his case continued.

Arthur Mankin, arrested by Officer Bettis charged with conducting business without a license, had his case continued.

Annie Marshall, arrested by the same officer charged with abusive language, had her case continued.

Silas Green, colored, arrested by Officers Sherwood and Bettis charged with stealing 54 from Annie Craig, was sent to jail for six months.

Martha Lewis, colored, arrested by Officer Young charged with being assessory to a felony, had his case continued.

David McQuinn, arrested by Officer Bell, charged with vagrancy, was fined $5

Joseph Williams, colored, arrested by Officers Lyles and Beach charged with trespassing on the property of Jos. Moore, had his case continued.

Elmer Lewis, arrested by Chief Goods and Officer Ferguson charged with vagrancy, was dismissed.

Tim Madden, arrested by the same officers on a similar charge, was sent to jail for 45 days.

Charles Jackson, colored, arrested by Officer Henderson for fast driving, was dismissed with an admonition.

Says He Was Kidnapped.

Clarence Bowles, the 14 year old son of Edward Bowles, living at 1107 Duke street, who had been missing since last Sunday, reached home last night and told a remarkable story in explanation of his disappearance. He said a strange man, whom he took for a tramp, had taken him in charge near his home on Sunday and after carrying him to the woods had tied him. The man occasionally brought him something to eat and drink, and when Bowles asked the man what he intended to do with him, the stranger replied. "You will know soon enough." Last night some boys heard a cry for help near the Stone Bridge, and upon proceeding to the spot from which the cries came found Bowles tied and released him.

Corporation Court.

[Judge L. C. Barley presiding.]

N S. Greenaway who has just been appointed a notary public by Gov. Swanson qualified as such.

Frank Mason was appointed a magistrate for the Second ward in place of the late W. A. Moore.

The will of the late W. A. Moore was admitted to probate and his widow, Mrs. Carrie A. Moore, qualified as executrix. The deceased left his estate to his widow during her life and at her death it is to go to his children.

The will of Albertus Deeton was admitted for probate and C. O. Sipple qualified as executor. The deceased left his estate to his widow, Mrs. Mary A Deeton.

J. P. Agnew & Co. vs. the Jackson-Phillips Brick Co.; arguments heard on report of Commissioner E. B. Taylor and former decision adhered to.

Mary C. Hansborough vs. Southern Railway Co.; motion to set aside verdict and grant a new trial; case in progress.

Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. M. Sherman of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by E. S. Leadbeater & Sons' druggist. Price 50c.

EASTERN DISTRICT OF VIRGINIA

On the 27th day of August, 1906, on reading the petition of WALTER LEE O'NEIL, bankrupt, for discharge, it is ordered by the court that a hearing be had upon the same on the 14TH DAY OF SEPTEMBER, A. D., 1906, before said court, at Alexandria, in said district, at twelve o'clock noon; and that notice therof be published in the Alexandria Gazette, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Edmund Waddill, jr., judge of the said court, and the seal thereof at Alexandria, in said district, on the 27th day of August 1906.

Poisoned Cheese.

A professor of the Swiss Dairy School at Sonntal has compiled statistics of the number of micro organisms found in cheese. His experiments lead to the conclusion that every gram (one-thirtieth part of an ounce) of fresh Emmenthaler (Swiss) cheese contains between 90,000 and 100,000 living germs. After two months the number has increased to 800,000. Cream cheese contains a still larger number of animalculae, a gram harboring after three weeks 750,000, rising to 2,000,000 after a month and a half. These figures apply only to the center of the cheese, while close to the rind families numbering 5,500,000 bacteria may be found in every gram of cheese. In about one and a half pounds of cream cheese, the professor estimates, there are as many germs as there are human beings on the face of the globe. It is supposed that all or most of these microbes are "friendly" ones and assist in the digestive process. We hope so. —Grocery.

King's Duty and King's English.

Exhibited in the window of a watchmaker's shop in Manchester is a faded letter of Nelson's. It tells an old, old story, reminding us of the time when, to defend the shores of their native land, Englishmen had to beg and implore for the bare material means to do it. It was so in the days of the armada and in Nelson's day. It has been so in our own. The letter reads:

My Dear Sir—If you will order the Agamemnon to be supplied with 200 fathoms of three inch rope and 100 fathoms of two inch rope purchases will be rove to drag the guns. We have not a fathom of rope in the ship. If you could spare us two threefold blocks and two twofold blocks I am to be much obliged. Yours most faithfully, HORATIO NELSON.

Evidently in his care of the king's ship the national hero was at the time somewhat careless of the king's English.—London Chronicle.

Why Thunder Sours Milk.

To many persons the curdling of milk in a thunderstorm is a mysterious and unintelligible phenomenon. Yet the whole process really is simple and natural. Milk, like most other substances, contains millions of bacteria. The milk bacteria that in a day or two under natural conditions would cause the fluid to sour are peculiarly susceptible to electricity. Electricity inspirits and invigorates them, affecting them as alcohol, cocaine or strong tea affects men. Under the current's influence they fall to work with amazing energy, and instead of taking a couple of days to sour the milk they accomplish the task completely in a half hour. With an electric battery it is easy on the same principle to sour the freshest milk.

Obedient, but Indignant.

"Norah," said the literary woman, "I wish you would go down to the library and bring me 'Flavius Josephus.'"

The new girl left the room to execute the commission.

Presently a terrific noise was heard on the stairway, and Norah pushed the door open with her foot a moment later, dragging in by the collar a large and reluctant Newfoundland dog.

"Here he is, Mrs. Dinnis," she said, "but ye oughtn't to have sint me for 'im. It's a man's job. The baste thried to bite me, an' I had to fight 'im iv'ry fut o' the way."—Chicago Tribune.

The Little Ones.

Many wrinkles are smoothed away by the soft fingers of little children. The music of their flutelike voices calms the most turbulent mood and banishes the darkest frown. The power of the little ones consists in their innocence. They bear in their hands that lily the magic might of which gates of brass cannot resist.

The Silk Hat.

The ridiculous custom of wearing that shining funnel, the silk hat, will appear as stupefying to our great-grandchildren as the custom of putting a bone through the lip or a ring through the nostrils appears monstrous to us.—Paris Gaulois.

All Right.

Tom—Here! You've started your note to Borroughs "Dr. Sir." Don't you know that sort of abbreviation is very slovenly? Dick—No, sir. "Dr." is all right in this case. He owes me money.

A Wonderful Woman.

"What sort of a woman is your friend madame the countess?"

"She is a woman of sixty, who looks fifty, think's she's forty, dresses like thirty, and acts like twenty."
